Kraftmeister

Workshop storage systems of the highest quality, exactly the way you want it

Kraftmeister stands for strength, durability and smart design. Our workshop solutions are developed for professionals and enthusiasts who demand the very best from their workspace. Every product is designed with one clear goal: to help you work more efficiently, keep your tools organised, and rely on a robust setup that lasts for years.

From heavy-duty workbenches and modular storage systems to roller cabinets, tool panels and smart accessories – Kraftmeister offers a complete range of solutions that can be tailored to your needs. Each product is built from high-quality materials and tested for intensive use, ensuring that it performs under pressure, day after day. With long warranties and a proven reputation across Europe, Kraftmeister is a trusted partner for anyone who values quality, organisation and reliability. Whether you are just starting to expand your workshop or are ready to take it to the next level, Kraftmeister provides the foundation for craftsmanship and success.

Browse this catalog to explore all possibilities. Whether you are setting up a compact garage workstation or outfitting a full professional workshop, let Kraftmeister be your partner in building a workspace that performs.
Today, tomorrow and for years to come.

Garage storage system

Scratch-Resistant Powder Coating
All Kraftmeister cabinets are finished with a scratch-resistant powder coating, ensuring they last a lifetime.

Ball-Bearing Drawer Slides
All drawers are equipped with ball-bearing drawer slides, ensuring they open and close smoothly and quietly while offering a high load capacity.

Perforated Panel
These panels are ideal for hanging tools in an organized manner. This gives your workspace a clean and organized appearance.

Adjustable Feet
Kraftmeister's garage storage systems can be equipped with adjustable feet, allowing you to easily level the cabinets.

Standard line

The Standard line offers a solid foundation for those looking for a functional garage storage system. While the drawers are slightly smaller compared to the Premium and Pro lines, they provide more than enough space for everyday tools. The ball-bearing drawer slides ensure smooth operation. The worktop is sturdy enough for daily use.

Stainless steel

The water-resistant stainless steel worktop is easy to clean and ideal for tasks involving liquids.

Plywood

The plywood worktop resists warping and is protected against splintering by an extra varnish layer.

Premium line

The Premium line features a worktop with a depth of 60 cm, giving you more workspace for all your tasks. In addition, LED lighting and adjustable feet are included as standard, providing a well-lit and stable work area, ready for intensive use. The drawers with ball-bearing slides have a load capacity of 50 to 75 kg, ideal for safely storing heavier tools.

Stainless steel

The water-resistant stainless steel worktop is easy to clean and ideal for tasks involving liquids.

Oak

The solid oak worktops have a protective lacquer coating that prevents scratches and warping.

Pro line

The Pro line features a worktop with a depth of 65 cm, providing maximum workspace. LED lighting and adjustable feet are included and the drawers are designed to handle heavy loads, with a load capacity of up to 100 kg. These drawers are equipped with ball-bearing slides for smooth performance, even when fully loaded.

Stainless steel

The water-resistant stainless steel worktop is easy to clean and ideal for tasks involving liquids.

Oak

The solid oak worktops have a protective lacquer coating that prevents scratches and warping.

Workbenches

Our workbenches combine strength, functionality and design. With sturdy worktops, smooth drawers and smart extras like LED lighting or adjustable feet, they offer everything you need for a reliable workspace. Each model is built for daily use and long-lasting performance.

- **Rubberwood**
A solid and stylish worktop that offers a reliable surface with a modern look.
- **MDF**
Durable material with high wear resistance and a protective coating, safe and sturdy in daily use.
- **Oak**
Premium hardwood with a natural, luxurious appearance that lasts for years when well maintained.
- **Stainless steel**
Rust-resistant surface, easy to clean and ideal for tasks involving liquids.

Roller cabinets

Our roller cabinets offer the ideal solution for storing and moving all your tools. With sturdy drawers, a robust construction, and smooth rolling wheels, you'll always have your tools within reach. Whether you're looking for a compact solution or a large mobile workbench.

Standard line

Practical and affordable. The Standard line roller cabinets have a load capacity of up to 30 kg per drawer and a plywood worktop. Available in various colours and equipped with smooth wheels with brakes. Ideal for hobby spaces and light tasks.

Pro line

Strong and professional. The Pro line features drawers with a 100 kg load capacity, a robust oak or stainless steel worktop, and heavy-duty wheels. Perfect for intensive workshop use and backed by a long warranty.

Expert line

The top segment for true professionals. The Expert line combines maximum durability with a sleek design. Drawers carry up to 75 kg, heavy-duty wheels provide mobility, and the long warranty of up to 20 years underlines the quality.

	Standard	Pro	Expert
Colours	Grey, black, red, blue	Black	Anthracite, black, red, grey, orange, blue
